FULL STACK WEB DEVELOPER

Self-starting and results-driven Full Stack Software Developer with demonstrated experience in designing and developing web applications using HTML, CSS, JavaScript, MERN, SQL, NoSQL and more. Collaborative team player and individual contributor with a strong aptitude for learning new technologies, concepts, processes, and methodologies quickly. Effective written, verbal, and interpersonal communication skills with a natural ability to adapt to diverse and fast paced environments. Aiming to find an opportunity that will allow me to leverage my skills within software development, as well as expand my technical knowledge through continuous learning.

TECHNICAL SKILLS

Languages: JavaScript, SQL, HTML/CSS, Express.js, React, Node.js

Database: MySQL, MongoDB, NoSQL

Other: Bootstrap, jQuery, Inquirer, Jest, Sequelize, Mongoose, Handlebars, Heroku, Bash, JSON, API's, OOP, MVC, PWA's

---
